about **DUTCH STANDARD**

What started as a group of enthusiasts, organising festivals and large indoor events, grew into an award-winning B2B Event Agency.

This has been quite a journey: from establishing iconic event venues, to hosting 2,500 Techies at a festival site for their annual meeting. We have been down many roads and learned to serve a wide variety of clients and guests. So we love true co-creation with

our clients to chase unthinkable results and make them a reality. That is the double plus of working with us. Over the years, Dutch Standard has become a one-stop-shop for creative brainpower mixed with high-level Project Management and flawless execution. For those truly ++ events! Our clients appreciate our strategic thinking, our focus on hospitality and our positive can-do attitude. References are available on request.

CREATIVE CONCEPTS FOR EXCEPTIONAL EVENTS

what **WE DO**

High-profile events in all shapes and sizes are our business. Live or hybrid, intimate or large-scale, for established names or ambitious dreamers. And always with 200% creativity and energy.

From tight and business minded to festive and explosive, our scope is wide and our clientele even wider. What our events share is a clear message and the razor-sharp strategy in which it is anchored.

Our versatile team takes the entire process, from head to tail, off your hands. That means less pressure on your schedule, so more room for creativity and a sharper eye for detail.

adyen ELEVATE

Ask:

Create a new brand event concept to establish Adyen as industry leader in a new market.

Answer:

We created *Elevate* - a full day to connect, grow and explore the world of Adyen.

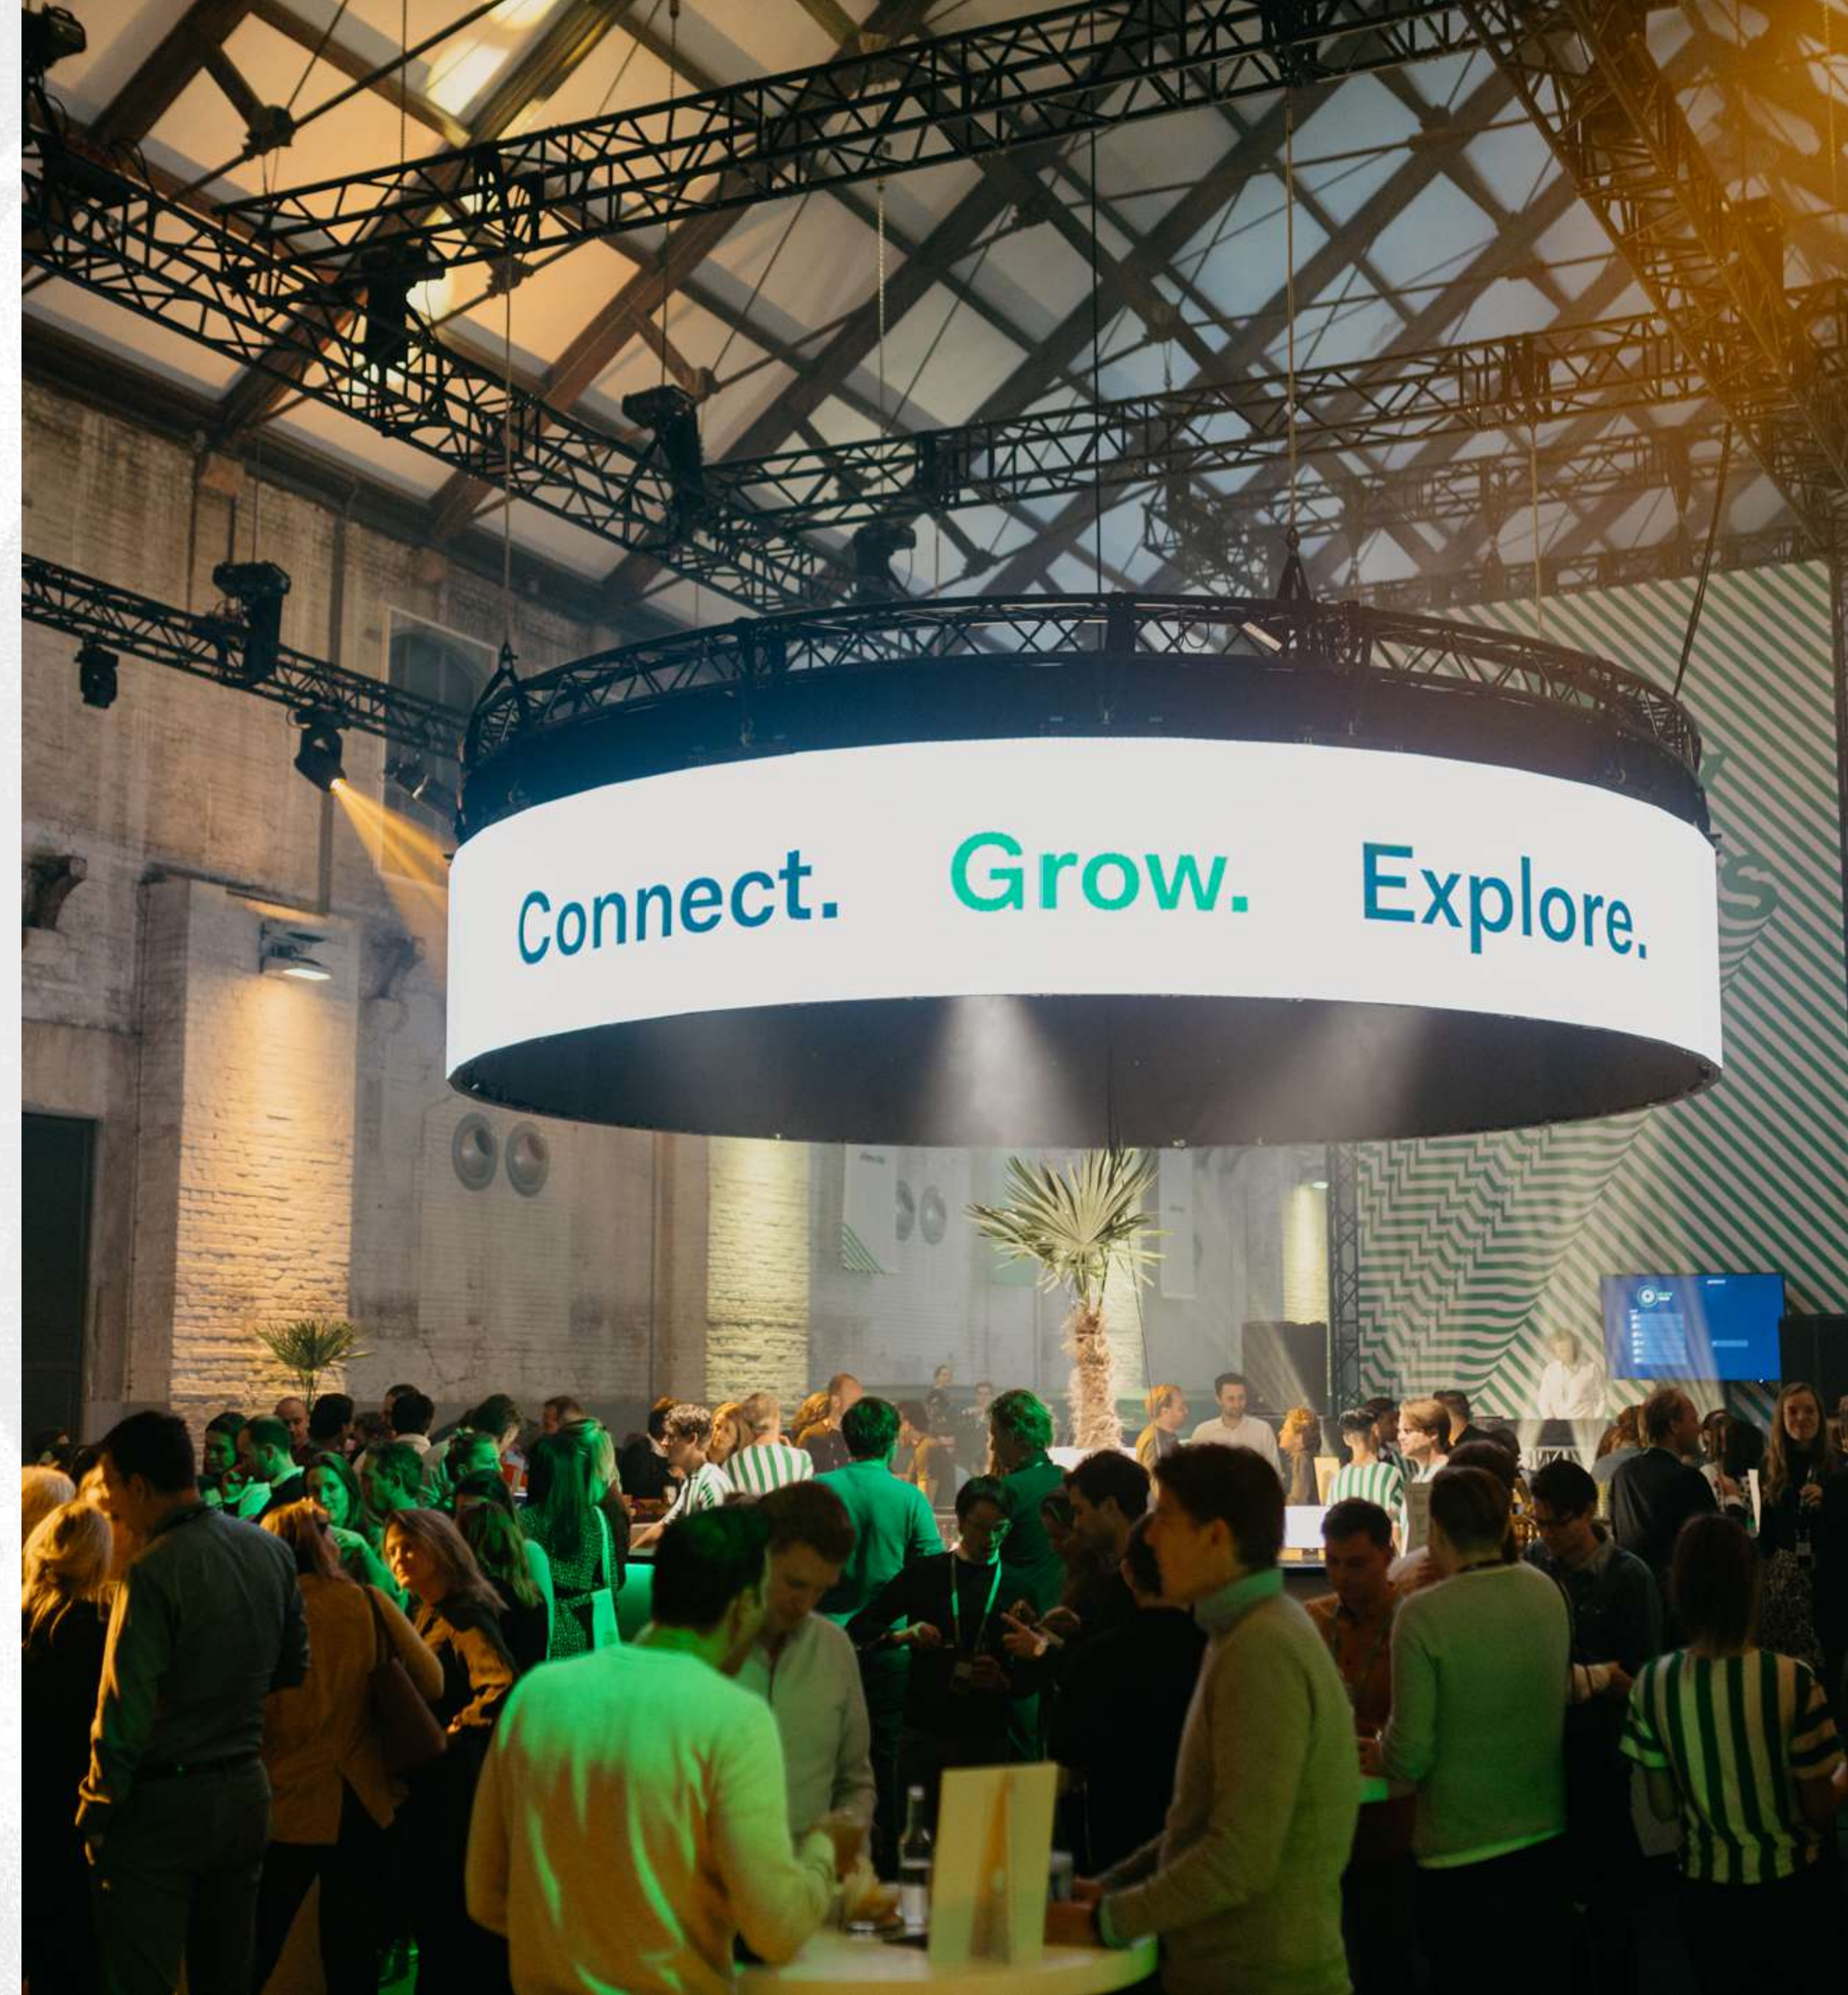

A venue fully submerged in subtle Adyen branding, elevated stages from 3 stories high, a 48m2 vertical LED screen for keynotes and only inspirational talks about anything but Adyen's payment solutions.

Guests experiencing the ease of Adyens product by tokenising their bankcards or phones and using them to 'pay' for all sessions, drinks and activities.

To completed the experience a hidden cocktailbar emerged during drinks, 200 mobile phones composed a song together and over 5k was donated to charity from all 'transactions' made by guest.

Emakina PARTY

Ask:

Help us take our company parties to the next-next level.

Answer:

Selecting the theme we know from experience works both for show, acts & entertainment, styling and for great costumes was step 1. Building on top of this theme a complete world and challenging all employees to give it their best was step 2.

Step 3 was booking the best acts around from who we know we can rely on them when asked 'set the place on fire!'

The final result was a wicked wild company party. We even integrated a serious 15 minutes for the CEO to unfold some new plans for next year. But of course only while dressing him up as the circus director (-;
